

## Workshop Information:

More information & schedule can be found at [www.ccec.org](http://www.ccec.org)

### Dates

June 15 - 24, 2009 and two follow-up dates during the school year.

### Course Objectives

- Use local geological field resources for instruction
- Develop strategies for hands-on activities that will engage all students in inquiry and discovery to increase achievement.
- Address earth science indicators of the Ohio Academic Content Standards

### Instructor

Dr. A.M. Hunt, Assistant Professor of Geology, Geography, and Environmental Science, U.C. Clermont College, is a career geologist who uses her knowledge and expertise to make geology engaging, active and fun. She has 15 years experience in undergraduate and graduate teaching as well as 35 years as a consulting geologist in oil and gas mining and environmental fields. Participants in previous classes all agreed that this was the best geology class they had ever taken due to Dr. Hunt's inquiry teaching methods and the enthusiasm for geology she generates as she teaches. She focuses on key concepts to help teachers improve their earth science units.

*Limited to 20 Participants*

*Registrations after April 20 may not be accepted.*

### Benefits

- ☒ A wealth of information and resources to support your own classroom instruction
- Visiting both public and non-public local geologic sites with an expert
- Professional support when implementing the earth science standards
- Six graduate quarter hours credit (value \$2472.00)
- Over \$100.00 of classroom materials and supplies
- Potential for four additional semester hours of credit through *iDiscovery* during the school year at no additional cost
- Meets Highly Qualified requirements for special educators

### Schedule

- 50% of the days will be field experiences in the tri-state vicinity (times vary)
- 50% of the days are laboratory and classroom instruction 8:30-3:30

### Location

U.C. Clermont College, Room S-150, Batavia Campus and field trips to surrounding areas. Includes two school year follow-up meetings.

### Cost

\$175.00 checks or purchase orders payable to CCEC due by May 1, 2009.

### Target Audience

Teachers Grades 6-12

### NOTE

This program is using a reduced tuition rate U.C. grants to teachers workshops. Participants who are matriculated in a U.C. masters program must pay full tuition. U.C. employees or family members must pay income tax on the credit (approx. \$300).
